Objective

I am a highly motivated and goal-driven web developer with a strong work ethic and over a year experience seeking for an entry-level position. I am deeply knowledgeable in a variety of computer languages such as HTML5, JavaScript and PHP. I also understand principles and techniques of initial website construction and ongoing maintenance. I am also a strong communicator who is flexible with scheduling my work to fit the organisation's and client's objectives.

Work Experience

Lake Creations 02/2022 - 10/2022
Front-end Web developer

Resolved website issues based on external reports with 100% efficiency.

Collaborated with senior Web developer to design the company's blog.

Revamped the company's blog with website modernization efforts to create a better overall user experience and incorporated SEO optimization thereby increasing blog visits from unique users.

Projects

Finance website 09/2022 - 10/2022
Early Money

A responsive finance website which can be used to perform on-the-go financing transactions such as creating an account, login, deposits, withdrawals and transfers.

Designed the website with Web technologies such as HTML5, CSS3 and bootstrap to give it an appealing and responsive user interface.

Programmed the server-side logic using PHP, and deployed MYSQL for the database.

Fixed specific issues and bugs on the website.

Responsive Quiz Application 09/2022 - 09/2022
Awesome quiz

A responsive user-friendly online quiz application which allows users to answer questions within a stipulated time and displays the scores after the test.

Designed the user interface using HTML5 and CSS3.

JavaScript programming language was used to build the logic side.

Calculator Application
Scientific Calculator App

09/2022 - 09/2022

A responsive scientific calculator application which can perform simple and complex mathematical operations.

The user interface was designed using HTML5 and Bootstrap.

JavaScript logical operators and extensive use of DOM was used to programme the logic functions of the calculator.

Portfolio website
Portfolio

09/2022 - 10/2022

Built and designed my portfolio website using html, CSS and JavaScript for responsiveness. I also added Web icons from font awesome to beautify the website.
